OPERS announces *Lunch and Learn with OPERS Leadership* webinars

This spring OPERS leadership will offer members a unique opportunity to hear the latest news and information about OPERS. We would like to partner with you as an OPERS employer to get the word out about this educational opportunity.

OPERS leaders will share updates and challenges facing the pension system along with the value of an OPERS pension. Members will receive the latest news on the financial health of the OPERS pension and health care trust funds as well as investment return performance. Those attending will also gain an understanding of how OPERS advocates for members on state and federal legislative issues that could impact their retirement security. Members will be able to submit questions which will be addressed by OPERS leaders during the webinar if time permits.
