Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside to fund health care. Effective January 1, 2024, the Combined Plan was consolidated into the Traditional Pension Plan. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan (excluding the Combined Plan) was 0% and for the Combined Plan that is closed to new entrants was 2% during calendar year 2024.

As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning Jan. 1, 2025 remains at 0% for the Traditional Pension Plan (excluding the Combined Plan) and 2% for the Combined Plan. The employer contribution as a percentage of covered payroll deposited for Member-Directed Plan participants for 2024 was 4.0% and remains at 4.0% in 2025.
